

Dear trade fair visitors,

Please follow these instructions for arriving by bus.

BOARDING AND EXIT

The designated boarding and exit point is marked on the map. It is a longitudinal parking area on the sidewalk opposite the VIDA! science center near the OREA Hotel Voro (GPS: 49°11'09.5"N 16°35'04.4"E).

We kindly ask visitors to leave this area as soon as possible so that other buses can enter. Please be extra careful and use only the nearby pedestrian crossing opposite gate 4 to exit the drop-off area. Visitors then proceed via the pedestrian ramp along gate 4 to the ticket offices.

INFORMATION FOR DRIVERS

After dropping off visitors, bus drivers are kindly requested to leave the designated area immediately and move to the parking lot as directed by authorized personnel. Depending on the current traffic situation, please also consider the possibility of being redirected to the parking lot at the Zvonařka bus station (GPS: 49°11'06.3"N 16°36'55.9"E). The parking fee here is also 300 CZK/day.

If you are redirected to Zvonařka, passenger boarding will take place at the same location as disembarking. Due to peak traffic, we recommend returning to the boarding point 45-60 minutes before your scheduled departure.
