GENERAL CONDITIONS FOR PARTICIPATION

Article I

Fair Organizer

Veletrhy Brno a.s., Výstaviště 405/1, CZ – 603 00 Brno (hereinafter referred to as Fair Administration).

Article II

Applications and Exhibition Area Allocation

1. The Application for Participation in the range of forms A1, A2, A3, A4, A5 is binding on the exhibitor/agency (both hereinafter referred to as the "exhibitor"). **The Fair Administration decides on the approval, reduction, adequate enlarging, of the exhibition area. The Fair Administration is not obliged to comply with exhibitor's request for location of his/her stand.**

2. After the Fair Administration receives the duly completed Application for Participation, they shall inform the exhibitor on it by sending a letter of acceptance or a letter of registration. In case of on-line registration, the Exhibitor is obliged to return the Application signed to the fair administration within 14 days from the receipt thereof. In the opposite case, the fair administration is entitled to ignore such Application. The Fair Administration shall also issue a written confirmation of the allocated exhibition area specifying its placement and size. The exhibition area will be made available to the exhibitor for exhibition stand build-up at the time given in the Organisational Instructions issued by the Fair Administration. The handing over of the exhibition area to the exhibitor at the fixed date can take place only if the total price has been settled.

Article III

Price for provision of exhibition area (hereinafter referred to as "price")

1. The price must be stated in the application form or in the Fair Administration letter. Every incomplete square metre will be charged as if it were the whole square metre. The least allocated exhibition area is 9 sqm.

2. The exhibitor must not cede the allocated exhibition area to a third party without prior written consent of the Fair Administration.

3. Should an exhibitor notify the Fair Administration in writing of not taking part in the fair before receiving the written confirmation of the exhibition area allocated, this represents a breach of the contract. If such violation occurs the exhibitor is obliged to pay the Fair Administration a contractual penalty amounting to the sum of the registration fee + 20% of the total price. Similarly, should an exhibitor notify the Fair Administration in writing of not taking part in the fair following the written confirmation of exhibition area allocation, this represents a breach of the contract on the part of the exhibitor. If such violation occurs the exhibitor is obliged to pay the Fair Administration a contractual penalty amounting to the sum of the registration fee + 100% of the total price. The Fair Administration is entitled to withdraw from the contract following the receipt of a written notification of the exhibitor's non-participation in the fair. The obligations of the contracting parties arising from this contract cease to exist on the payment of the contractual penalty.

4. The exhibitor must not occupy a larger exhibition area than officially allocated. If the exhibitor is interested in an extension of the assigned area and if such free area is available, the matter of extension of the exhibition area has to be discussed with the Fair Administration in advance. The Fair Administration decides at its own discretion about the approval of such extension. If the approval is granted, the exhibitor shall pay for the extra occupied area within the date of payment stated in the invoice – the tax document issued by the Fair Administration.

Article IV

Price and Payment Conditions

1. Along with the written notification of the receipt of the Application for Participation in the fair, the Fair Administration shall send the exhibitor an **advance invoice** to an amount corresponding to the registration fee + 20% of the total price, including VAT. The registration fee also includes the use of space in the electronic catalogue for the given fair. Exhibitors registered for tax purpose outside the Czech Republic will be invoiced an advance to the amount of the registration fee plus 20% of the total price not including VAT. The preceding sentence will not apply for foreign exhibitors, who have permanent business establishment in the Czech Republic, i.e. a Czech legal entity and the exhibition area in question is provided to this permanent business establishment. Along with the confirmation of the allocation of the exhibition area, the Fair Administration shall send the exhibitor an **invoice (tax document)** for the total remaining price, including VAT. Invoices shall be issued in accordance with valid legal regulations.

2. Should the advance invoice not be paid by the due date of payment, the exhibitor shall be obliged to pay the Fair Administration a contractual penalty to an amount corresponding to the invoiced sum. Should the invoice for the total price not be paid duly by the date of payment, the exhibitor shall be obliged to pay the Fair Administration a contractual penalty to the amount of the registration fee + 100% of the total price. Furthermore, if the advance invoice or the invoice (tax document) is not paid duly by the date of payment, the Fair Administration is entitled to withdraw from the contract. The obligations of the contracting parties arising from this contract cease to exist on the payment of the contractual penalty.

3. All prices for services and performances granted by the Fair Administration are to be understood and are agreed upon pursuant to provisions of the Act No. 526/1990 Coll., Act on Prices, as amended later on. Among others, the price also covers the lighting of the exhibition hall or outside exhibition areas, heating or cooling of the exhibition hall according to the terms determined by the Fair Administration and technical parameters of the appropriate exhibition spaces, and the basic cleaning of the exhibition hall or outside exhibition areas as well. Unless agreed otherwise, the exhibitor is obliged to pay the Fair Administration for all ordered and invoiced services and performances by the due date of payment given on the invoice. Given prices are without VAT. The VAT will be charged in accordance with the valid legislation.

4. For exhibitors based in the EU: If the exhibitor gives a valid tax number (for VAT) on his/her application, Czech VAT will not be charged on the invoice for the provision of exhibition area. If the exhibitor does not do so, then Czech VAT will be charged on the invoice at the current legal rate.

For exhibitors based outside the EU: If the exhibitor gives a valid tax number (for VAT) on his/her application and submits to the Fair Administration a copy of confirmation of registration for this tax in his/her own state, Czech VAT will not be charged on the invoice for the provision of exhibition area. If the exhibitor does not do so, invoicing without Czech VAT will still be possible if the exhibitor submits to the Fair Administration confirmation issued by a tax authority or other state body to the effect that the exhibitor is engaged in business activity in his/her own country.

Article V

Exhibits

1. As exhibits are understood objects, goods or the right to immaterial assets which are displayed on an area designated by the Fair Administration and which comply with the List of Products of the event.

2. The exhibitor is entitled to display at the fair only such exhibits of which he is the owner or the authorised user and which are not illegal imitations of a tangible or intangible nature violating the legal regulations relating to intellectual property valid in the Czech Republic. If the contrary is found to be the case, the Fair Administration is entitled to proceed in accordance with Article IX, Paragraph 5 of the General Conditions of Participation. The Fair Administration is not responsible for any damage incurred by the exhibitor as a result of the violation of this provision caused by the exhibitor.

3. The exhibitor is obliged to report any changes in exhibits without undue delay to the Fair Administration. The exhibitor accepts and respects that the fairs are designed as contractual, not for selling goods or services. The exhibitor is obliged to insure the presented exhibits against burglary, even during the build-up period.

4. The delivery and removal of exhibits are carried out in accordance with the Fair Administration instructions. The exhibitor is obliged to send all installation material and exhibits to the exhibitions carriage-paid to their stand. Should the installation material and exhibits not be removed by the deadline of the dismantling period, handling and storage fees shall be charged by the Fair Administration.

5. The takeover of products and commodities (exhibits) is carried out exclusively by the exhibitor. If neither the exhibitor, nor his representative are present, the exhibit will be left on the allocated exhibition area at the risk of the exhibitor. It is not permissible to remove the exhibits in the course of the event.

6. Exhibits registered by an exhibitor for presentation at the fair must correspond with the nomenclature of the event. Data on exhibits as well as the ones concerning the exhibitor's company, agency or co-exhibiting companies given by the exhibitor in the Application for Participation must be complete, accurate and truthful. If there are any differences between the data on exhibits presented in the fair and the ones given in the Application for Participation, the exhibitor is obliged to remove such exhibits immediately upon an instruction of the Fair Administration. If the exhibitor fails to do so, such conduct shall be deemed as substantial breach of the General Conditions for Participation and the Fair Administration is entitled to act according to Article IX, Paragraph 5 of the General Conditions for Participation.

Article VI

Building-up and Installation of Stands, Assembly of Exhibits

1. Assembly, dismantling and operation times are specified by the Fair Administration. The Fair Administration can allow exceptions to these terms upon the request of the exhibitor or his authorised representative at extra charge. The extra charge is to be paid by the exhibitor. Technical Safety Regulations and Organisational Instructions which are integral parts of the General Conditions are binding during the whole period of the building-up of stands and demonstrations of exhibits. Shall they not be followed, the Fair Administration will not permit the operation of the stand. Technical Safety Regulations are in the Order Forms for Works and Services of the trade fair administration, on the Internet address of the trade fair administration – www.bvv.cz or on the Internet page of the respective trade fair/event.

2. The official contractor for the build-up of stands is the company Veletrhy Brno, a.s. If the stand is built-up by a different contractor, the exhibitor is fully responsible for the activity of such contractor on the premises of the Fair Administration, with a particular regard to the observation of the build-up and dismantling times. These deadlines are given in the trade fair administration's Organisational Instructions.
